Dear Mr. Mullins:

Thanks for your eligibility list and remittance of fine. I am sorry about the latter, but am sure that you understand that I had no other alternative.

We were glad to learn about your new high school. We are removing the names of Waynesburg and Highland from our list of member schools, and are substituting the name of your new school. Enclosed is one of our statement forms which you will please fill out and return, along with your dues, at your convenience. School supplies will be mailed out later in the summer.

Incidentally, we have never received a basketball participation list or a report on officials for 1950-51 from Highland. If you can get this information for us, it will be appreciated very much, especially the report, as we are now tabulating the ratings and need this information very badly. The school also owes the Association a fine, of course. You may wish to talk to your superintendent about this, especially since some of the Highland boys will be on your team.

With kindest personal regards, I am

Cordially yours,

Dear Mr. Sanford:

This is to advise that I worked a basket-ball game along with Mr. Casteel from East Bernstadt, Ky. on the night of December 4, between Livingston and Memorial High at Livingston, Ky.

During my years of officiating I have never heard a coach talk to an official like Mr. Sandlin from Memorial High talked to Mr. Casteel.

Here is the situation; We worked both games and during the first game, we told Mr. Sandlin two or three times not to get up off the bench and make fun of our calling, but he insisted to disagree with the majority of our calls. The score of this B team game ended 30-29 with Memorial High winning. All during the warm-up period, before the second game started, he would go from one to the other making wise cracks remarks about the officiation. The second game was just under way when Mr. Casteel called a personal foul on Memorial High and immediately Mr. Sandlin got off the bench and give Mr. Casteel the horse laugh and started making ~~ga~~ gustures with his hands, Casteel called a technical foul on him. The game went along very good for the remainder of the game Memorial High winning 58-41.

After the game Mr. Sandlin came up to Casteel and said these words, (I think you are the worst damn official I have ever seen call a ball game) All this happened in front of women and children, He went on to say to Casteel, I got the worst damn deal I have ever got anywhere. Your not worth

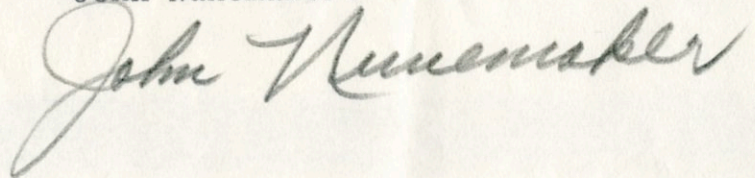

a damn in my opinion as an official.

Mr. Sandlin, went to the dressing room, I followed him in and asked him to come out and shake hands with Casteel and forget the whole thing, but he refused to do this. He then came out and started on Casteel again some of the team players tried to get Mr. Sandlin to go on to the bus but he still insisted on arguing. The boys on his team finally got him to go with him still griping. Casteel and I left as soon as we got our check and started to the car when we were passing the school bus with students and players setting in same they called him every thing they could think of and threatened him if they ever caught him out. There were 15 fouls called against Memorial High, and 20 fouls called against Livingston three of Livingston players fouled out and none from Memorial High.

To get a clear picture of what happened we can to your office at your convenience.

Sincerely,

John Nunemaker.

Dear
Mr. Sanford;

Mr. Sanford, this is to let you know that John Nunemaker and myself worked a basket-ball game at Livingston, Ky. between Livingston High and Memorial High. December 4, 1951.

I would like to say that of the many games I have worked for a number of different high schools and colleges, I have never been treated as dirty by a coach as I was by the Memorial High School coach, also I have never seen a coach talk to an official as Mr. Talbert Sandlin did to me last night.

The situation is as follows; We officiated both games. During the first game Mr. Sandlin was up off the bench most all the first game saying nasty remarks, and rejecting most every call we would make. Three times I know of Mr. Sandlin walked half way down the court outside the playing floor disagreeing on calls made by John and myself. We warned Mr. Sandlin of this but it didn't seem to help much. Memorial High won this game by a margin of 30-29, with two more fouls called against Livingston, than Memorial High. As soon as the game was ended Mr. Sandlin went to the scorers bench accusing the scorers of cheating him out of two points, when both scorers books tallied exactly. From there he went to Mr. Moore coach of Livingston High asking him if this was the best he could offer on officials.

When A teams was warming up before the ~~gaxt~~ game started, he was going from one to the other making cracks of how bad the officiating was. The second game started and was about two or three minutes old, when I called a personal foul on one of Memorial High players. Mr. Sandlin, raised up off his bench and give me the horse laugh, and then blowed his nose in the towel he was holding and said; Jesus Christ, loud enough~~^~~ most of the fans heard him, I called a technical foul on him. From then through the rest of the game went by pretty smooth, but now and then he would disagree with our calls and ~~g~~ave us the horse laugh. The game ended 58-41 Memorial High winning. Twenty fouls were called on Livingston, and 15 fouls were called on Memorial High. John Nunemaker and I fouled out three of Livingston players and none was fouled out for Memorial High.

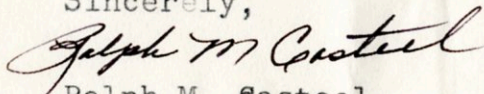

As soon as this second game was over Mr. Sandlin went to Mr. Moore coach of Livingston High^{again} asking him if this was the best he could offer on officials.***

Mr. Sandlin, then came to me demanding why I called the technical foul on him and started argueing and saying; your the worst damn official that has ever called a ball-game for me and asked what my name was, I said; Ralph Casteel and tried to shake hands with him and forget the whole matter because there were a number of fans standing near, ~~with~~^{with} (women and children) ^{Mr Sandlin was} using foul slers I didn't approve of, but he kept on. I told him I was going to report this to you, and he ~~said~~ he didn't give a damn who I reported him to. He refused to shake hands with me and went off to the dressing reo m saying things I couldn't hear. As we were waiting to be paid he came back again and said; Youll never call another ball game for me and that he had plenty~~s~~ of friends that he would see to it I never call a ball game for. I said thats perfectly ok if he felt this way

that I didn't wish to call any moere ball-games for a coach that has the attitude as he did toward a basket-ball game. His boys kept asking him to come on lets go home, but he kept on insisting to argue, finally one of the fans said, why don't you shut up, then he left talking to himself. After we received our pay we left the gym and on the way to the car we passed the school bus, and they kept throwing nasty remarks at me until John, and I got out of sight.

Mr . Sanford, I had hoped I would never have to report any-thing like this, but I have never seen anything like this during my eight years of playing basket ball, and my number of years officiating. If you wish for me to come to Henderson for a person to person talk, I will be more than glad to take off from my business at your request.

Sincerely,

Ralph M. Casteel.

Dear Mr. Mullins:

Enclosed are copies of reports which we received a few days ago from two of our registered officials, concerning the unsportsmanlike conduct of your coach, Mr. Tolbert Sandlin, during and following the Memorial - Livingston basketball game, played at Livingston on the evening of December 4.

I do not know how good the officiating was, but this has no bearing on the case. Our coaches must learn to conduct themselves in a sportsmanlike manner, in order to set a pattern of good conduct for our players and fans. I am sure that you agree with me on this.

May I suggest that you read K. H. S. A. A. By-Law 17 to Coach Sandlin, and explain its implications to him. He apparently has not read it.

You may consider this letter a friendly warning. If Coach Sandlin again conducts himself as he did on the date mentioned and I get a similar report on it, it will probably become my unpleasant duty to impose a penalty on the Memorial High School.

Sincerely yours,

Gentlemen:

Please excuse me for being late in acknowledging your letters of December 4. I have been out of town for several days.

This is to advise that it will not be necessary for me to conduct a hearing in connection with the alleged unsportsmanlike conduct of Coach Tolbert Sandlin during and following the Livingston - Memorial basketball game, played at Livingston on December 3.

Mr. Sandlin, in my opinion, is in possible violation of K. H. S. A. A. By-Law 17 when he conducts himself as he did on the date mentioned. However, we very seldom impose a penalty against the school involved on a first offense of this nature. I am today writing to Principal Lester Mullins of Memorial, and am issuing a warning to his school.

Thanking you for the promptness of your reports, I am

Sincerely yours,

Mr. Theo. A. Sanford, Commissioner

Dear Mr. Sanford,

I am writing you concerning the eligibility of Charles Hutchins who has recently transferred to Memorial High School. Charles has been attending Hazel Green Academy, a private school located approximately 135 miles from Memorial, for the past three years. Mr. and Mrs. Hutchins have lived in this vicinity several years. Charles completed the eighth grade at King's Mt. High School; but because King's Mt. had been reverted to an elementary school, his parents sent him to Hazel Green Academy.

Mr. Hutchins is a World War I veteran and is in poor health, so Charles has returned home to help with the work and to reduce the financial burden by attending a public school.

After referring to By-Law 6 - Sec. 3, I feel that Charles should be eligible to participate in our athletics, even though he did participate in athletics at Hazel Green, since he had to return home because of the poor health of his father.

I shall appreciate it if you will waive the penalty in this case and allow Charles to become a member of our basketball squad.

Yours truly,

Lester M. Mullins

Dear Mr. Sandlin:

This is to advise that a game played between your basketball team and an alumni team must be counted against the game limit mentioned in our regulations.

Concerning invitational tournaments, all games played in one of these may be counted as only one game. In the other tournament, all games must be counted against the limit. The school may use the tournament in which the most games are played as the one which will be counted as one game, of course.

Dear Mr. Sanford,

We regret the alleged incident concerning Mrs. Smith which took place at our school after the Liberty game on December 5th.

He stayed at the school until everyone else had left, and a state patrolman was there during the game, but we knew nothing of this matter until about 2:30 A.M. when Mr. Smith drove back to our community to report it to us.

Our student body and fans have enjoyed a reputation for good sportsmanship, and we shall call this matter to their attention at once. We feel they will strive to correct any discourtesies toward anyone coming to our games.

Waynesburg, Kentucky

Dear Mr. Mullins:

I will need some additional information before I can give you a ruling on the current eligibility of Don Osborne at your school.

Has the Eubank High School basketball team started its season yet, and has Don been practicing or playing with this team?

On what date did the parents of the boy move to your school district, and is there any question about the move being a bona fide one?

Have you sent an athletic transfer blank to the principal of the Eubank High School concerning this case? If you have not, will you please send one of the blanks and forward it to me after it has been returned to you.

Sincerely yours,

Dear Mr. Sanford:

Don Osborne has recently transferred to this school from Eubank High School because his parents have moved from Pulaski County to Lincoln County since school began. If Don had continued to attend Eubank High School, he would have had to pay tuition.

We are a little uncertain as to whether or not he will be eligible to play basketball this first semester. Even though we felt that he will be allowed to participate, we would appreciate a clarification from your office on this matter.

Yours truly,

Lester M. Mullins

Dear Mr. Mullins:

In checking through our "school applications" folder, we found the enclosed \$3.00, with the notation that we had cashed the check sent in by your school previously and had mailed you blue statement forms on July 19 and August 21. However, we checked on our list of schools recently sent supplies and membership cards, and found that we had enrolled your school in the K.H.S.A.A. a few days ago, with another remittance being indicated.

We think that you probably sent us two checks, the first of which was cashed at the time it was received, with the money to be held until we received the information given on the statement form. When the second remittance was received, we apparently failed to check the folder mentioned.

With kindest regards, I am

Sincerely yours,

Dear Mr. Mullins:

As you know, several weeks ago I declared Howard Francis eligible for athletic competition at your school.

We have a letter of inquiry this morning concerning the case, in which the statement is made that Howard is not living with his mother but with his sister in Lincoln County.

Where do the parents of Howard Francis live? If they live in Lincoln County, do they live in the area served by the Memorial High School? I do not understand your failure to give me all the facts of this case when you wrote to me on September 29.

Incidentally, our records indicate that your school has not joined the K.H.S.A.A. this year. Will you please fill out the enclosed statement form and return it to this office, along with your remittance, at your earliest convenience.

Sincerely yours,

Dear Mr. Albright:

This is to advise that several weeks ago I declared Howard Francis eligible for athletic competition at the Memorial High School under authority which I have in K.H.S.A.A. By-Law 6, Section 3, Return to Home District.

Prin. Lester Mullins of Memorial had asked for a ruling on the boy's eligibility. He said: "Last school year he attended Eubank High School, Pulaski County, but since he was residing in Lincoln County at the time he was compelled to pay tuition. In order to eliminate this unnecessary expense, he is attending Memorial which is located in his home district."

You state in your letter that the boy is not living with his mother but is living with his sister in Lincoln County. This would not necessarily make him ineligible at Memorial if the parents live in Lincoln County. I naturally assumed that this is their residence, although Mr. Mullins did not state this specifically in his letter. If the boy's parents live in your county, will you please let me know at once.

Sincerely yours,

Dear Mr. Sanford:

I wish to secure some information from you concerning the eligibility of Howard Francis, who is now attending school at Memorial High School in Lincoln County. He attended this high school last year and played on the first team in basketball and track. His parents still live at the same location that they have lived for the past eight years. Howard Francis is not living with his mother but with his sister in Lincoln County. I contend that this boy is not eligible to play basket-ball at Memorial this year. I might also state that this boy is a senior this year.

Please advise me as to his eligibility.

Yours truly,

Dear Sir:

This year Howard Francis is attending Memorial High School and wishes to play basketball. Last school year he attended Eubank High School, Pulaski Co., but since he was residing in Lincoln County at the time he was compelled to pay tuition. In order to eliminate this unnecessary expense, he is attending Memorial which is located in his home district.

Please advise me whether he will be eligible to play basketball here at Memorial this term.

Dear Mr. Hale:

Our records show that Floyd Adams has been a first team competitor on the Middleburg High School basketball team for the past two or three seasons. He is therefore ineligible for thirty-six school weeks at your school under the provisions of K.H.S.A.A. By-Law 6, Section 1.

If you will study this rule, you will note that it is a very specific one, and that I have no authority to set it aside. A player does not establish residence, as far as our rules are concerned, by living with a relative.

Will you please prepare a tentative list of your basketball players, filling in all columns on the enclosed sheet as best you can from information in your files. If you will then submit this list to us, we will check your certifications against information which we have in order to determine whether or not any discrepancies are involved.

Wishing you every success in your new position, I am

Sincerely yours,

Dear sir:

I am writing you in regard to
Floyd Adams. Gives his age as 6/7/39
Born in Casey Co. Went to Middleburg
for 3 years. He enrolled at the Memorial
High School, Waynesburg, Ky. on Sept. 18, 1956.
He had already enrolled at Middleburg
High School. He Floyd Adams gives as
reason for coming to Memorial High
School is that his sister lives in
Lincoln Co. in the Memorial district and
he has to stay with her because her
husband is planning on going from home
to work. Will he be eligible to
represent Memorial High School in
basketball this year or baseball? By-Law 8
By-Law 1 Sec. 5 as new principal I would
like to have the certifications for last year
basketball team players.

Very truly yours,
Laurence Hale (Prin)

Dear Mr. Hale:

This is to advise that for many years it has been the policy of our Board of Control to deny sanctions to all post-season basketball games. Any players who take part in such games lose their future high school eligibility.

Incidentally, you will find your question answered in Item 54 of the Questions and Answers found on page 15 in your K.H.S.A.A. booklet.

Dear Mr. Hale:

Since Homer Horton has apparently been in school at the Wurtland High School more or less continuously since the beginning of the current semester, and since his father, a minister, has recently made a bona fide move to your school district, it would seem to be very unfair to apply the provisions of our "twenty-day rule" to this boy. You may therefore consider Homer immediately eligible for athletic competition at your school. I assume, of course, that you have checked on his preceding semester enrollment, attendance, and scholastic work.

I doubt that you should allow the boy to compete in your game scheduled for November 1. Eligibility for this game was determined, under our regulations, more than a week ago, at which time Homer had not been declared eligible. If you have already sent out your eligibility lists for your next week's games, you may send out supplementary lists, indicating that the name of Homer Horton has been added with permission of the State Office of the K.H.S.A.A.

Dear Mr. Sanford;

We have a boy enrolled at this school on October 14th, he is a junior. We have his grades from Wurtland High School, and he made passing grades in all subjects, he is making passing grade at this school. His name is Homer Horton and his father is a Nazarene preacher, and they have moved to and established residence at Kings Mountain, Ky, where he is assuming the pastorate at the church there. Kings Mountain is in our school district. We have a game of basketball with Eubank here Friday NOV. 1st, may we please have a ruling concerning his eligibility, thank you. Lawrence Hale, Prin.

Dear Mr. Hale:

Thank you for your recent letter, reporting the disqualification of one of your players, Jimmy Sowders, and James Bradley of Brodhead during a basketball game played on January 20.

Since this is apparently Jimmy's first offense of this nature, he may be restored to competition with a warning. Please tell him that a future disqualification may result in his suspension from athletics for a period of time.

Sincerely yours,

Dear Sir:

According to By Law 7 sec. 2, I am reporting to you the names of Jimmy Sowders of Memorial High School and James Bradley of Brodhead High School.

These two boys were put out of a basketball game between Memorial and Brodhead played in the Memorial High School gym last night (January 20). Tempers were shown as each boy took a swing at the other, although neither landed. The referees put them out immediately, and the game went on without any more trouble.

Very truly yours,

Lawrence Hale

Dear Sir:

Nathanial Buis and I worked a basketball game between Broadhead and Memorial of Waynesburg at Memorial last night.

We had to disqualify Bradley of Broadhead and J. Souders of Memorial for fighting. It was a quick flare of tempers on the part of each boy as it happened in the first two minutes of the game.

We had no other trouble after this brief flare up and both teams played good clean basketball.

Respectfully yours,

Dear Mr. Hale:

This is to advise that the name of D. Reece appears on the track participation list, filed by the Eubank High School at the end of the 1956-57 school year. Darrell was in the eighth grade at this time. This list was signed by Principal J. B. Albright.

Since Darrell has apparently represented a high school in a first team contest, he is ineligible at your school for thirty-six weeks under the provision of K.H.S.A.A. By-Law 6, Section 1, which you will find on page 14 in your booklet.

Assuring you of my regret in having to give you an unfavorable decision, I am

Dear Mr. Sanford:

Darrell Reece transferred to Memorial from Eubank High School where he participated in "B" team competition in basketball. We talked to Coach Beldy Massey of Eubank recently to verify this fact--not wanting to rely altogether on Darrell's statement that he hadn't participated in varsity play.

Darrell enrolled at the beginning of this school year as a Junior. He was born August 18, 1941. The reason he is coming to Memorial is that, he is staying with a neighbor (the neighbor is disabled, and Darrell is staying with him to help with the work) and it is closer and more convenient.

Would you please advise us as to his eligibility status?

Sincerely yours,

Lawrence Hale

Kentucky High School Athletic Association

Hon. Theo. A. Sanford, Commissioner

Lexington, Kentucky

Dear Sir:

This a report on the incident that happened at Waynesburg-Memorial High School on Friday Night, December 4th. It was during the reserves basketball game that Carl Yahnig, a junior at Ferguson High School, and a forward on the varsity squad was standing near the main playing floor just above where the Ferguson boys were to dress. An outsider reported to be Billy Phillips, and living in the Memorial School District was standing near the water fountain. He called Carl Yahnig up to him, and without any provocation whatsoever hit him in the jaw and broke his jawbone. The doctor reports that Yahnig will be lost to the Ferguson Basketball for at least two months.

It was reliably reported that the deputy sheriff had apprehended this boy and ejected him from the building once before this that night, but they let him back into the building. Two of the Ferguson basketball players informs me that the Phillips boy was drinking. As far as I know the Phillips boy is atill at large.

Cordially yours

Howard Moore
 Howard Moore

Memorial High School (Waynesburg) Investigation

December 9, 1959

Prin. Lawrence Hale of the Memorial High School read the letter from Supt. Howard Moore addressed to Commissioner Sanford and stated that the incident happened about as set forth in the letter.

Mr. Hale said that Deputy Sheriff Earl Simms had not put Billy Phillips out of the gym prior to the time he struck Carl Yahnig but had started to do so at some time during the first part of the first game but the boy had pleaded with him to let him go and that he would sit down up in the stands and remain quiet.

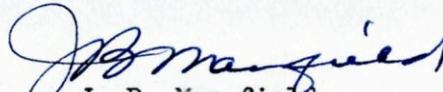

Billy Phillips struck Yahnig in the jaw sometime during the half of the first game. It was near the end of this game before Mr. Hale and Simms found out who had hit Yahnig. The deputy took Phillips to the Ferguson dressing room for identification. It was between games when the deputy was taking the boy out of the building. There was a crowd milling around in the hall and Phillips jerked loose from the deputy and lost himself in the crowd. Simms was unable to locate the boy after that.

The next morning Mr. Hale and the Lincoln Co. Sheriff swore out a warrant for Phillips on various charges. The parents of Carl Yahnig swore out a warrant the same morning. The law officers were unable to serve the warrants as Phillips could not be located. It is most likely that he went to Ohio as he had only recently been employed there. His parents do not know his whereabouts at this time.

Mr. Hale stated that the Sheriff would be contacted as to the length of the warrants would be held ready to serve in case Phillips returns to Kentucky. And that he would contact Mr. Moore in regard to the cost of the medical expense incurred by Yahnig as a result of the blow. Mr. Hale ~~will~~ will write to the Commissioner within the next day or so.

Billy Phillips is a former pupil at Memorial. He was in attendance a part of two semesters about four years ago and failed to make a passing grade in any subject. He has been in the Marines and has been working in Ohio since his release. So far as could be learned there had been no previous trouble between the two boys.

Mr. Hale had not reported the case as he learned only Tuesday that the Phillips had left the state. He hoped that he would be able to report that he had been arrested, but was planning to report the incident regardless.

Dear Sir:

In our basketball game with Ferguson High School on December 4, 1959; one of our fans, Billy Phillips, struck Carl Yahnig, a first team player for Ferguson High School. The blow fractured the boy's jaw. This took place about the time for the second half of the "B" game to begin. It happened somewhere near the entrance to the visitors dressing room. According to our information, Billy called the boy to him and hit him without any apparent reason. The boy did not fight back.

The deputy sheriff was here, and he had talked with Billy before this happened and had sent him in the stands to behave himself--which Billy promised to do. I did not know the boy from Ferguson was hurt until the first team game was about over. He played about half of the game before he had to quit.

The sheriff arrested Billy and took him in the dressing room where Carl Yahnig was. Billy told Carl he was sorry he hit him; but when they came back in the crowd, Billy got away from the sheriff and ran away. The sheriff got a warrant of arrest for him the following day, but didn't find him. He has not been arrested as yet.

Carl's parents came on Saturday and got a warrant for Billy. The sheriff said the warrant would last from now on. Carl has the school plan insurance at Ferguson High School.

Sincerely,

Lawrence Hale

Dear Mr. Hale:

Thank you very much for your recent letter, giving me your version of the unfortunate incident which happened at Waynesburg on the evening of December 4, 1959.

Enclosed is a copy of the investigation report given to me by my assistant, Mr. Mansfield. I note that Billy Phillips has been working in Ohio since he was discharged from the Marines. I would like for you to find out from members of the boy's family the former address of the boy in Ohio, and also make every effort to determine his present address. It may be months or years before Billy Phillips comes back to Kentucky, and I think that we should consider getting extradition papers from the Governor for bringing Billy back to Kentucky to stand trial, if there is any possible way of determining where the boy is now. We are going to count on full cooperation from you and your staff in attempting to find out where Billy Phillip is and seeing to it that he is brought to trial.

Sincerely yours,

Dear Commissioner:

Pertaining to the Billy Phillips case--here is the latest information I have been able to secure.

I talked with Billy's sister, who is enrolled at our school, and she tells me that Billy is now in the Army and stationed at Fort Knox. She also said that when Billy left after the incident of Dec. 4, he went to his grandfather's home in Cincinnati, Ohio. He remained there until he enlisted with the Army. His grandfather's address is--

Houston Campbell
648 Crown Street
Cincinnati, Ohio

Possibly Mr. Campbell could give us more information about Billy's whereabouts now. If Billy should return here, I will notify authorities as soon as possible.

Sincerely,

Dear Mr. Moore:

We have been holding the Billy Phillips case open since last December when you wrote to us concerning the incident that happened at Waynesburg on the evening of December 4.

School authorities and officers of the law in Lincoln County have been most cooperative in seeing to it that Billy Phillips was apprehended and brought to trial. As you may know, Billy apparently disappeared from the county soon after the incident involved, but the boy was finally induced to return home late in December and give himself up.

On February 9, 1960, Prin. Lawrence Hale of Memorial High School advised me that Billy's examining trial was held on January 7, and that he was held under \$1,500 bond to the February grand jury. We have been keeping in touch with Mr. Hale all along on this case. The trial was apparently set at a later date.

We have just received a letter from Mr. Hale which says: "Billy Phillips was tried on June 6, 1960. He was given thirty days in jail and a hundred dollar fine. He is now serving his jail sentence."

It is unfortunate that this case dragged on so long, but it appears that justice finally prevailed. I hope that Carl Yahnig has recovered from his injury.

Sincerely yours,

Mr. Dwayne Greer

Dear Dwayne:

This is to acknowledge receipt of your recent letter concerning your possible high school eligibility at the Memorial High School.

You should talk to your principal about this matter. He is quite familiar with our regulations, I am sure. It is possible that you have already done this.

You state in your letter that you "started to school three weeks late and then missed twenty-two days." If these twenty-two days were continuous, this would be more than four weeks of school, which added to the other three would amount to seven weeks. To be eligible any semester, a student must have been in attendance at least three school months of the immediately preceding semester. You apparently have not done this for the first semester of this school year.

I have no authority to set aside the penalty of the rule involved (K.H.S.A.A. By-Law 5-4).

Sincerely yours,

Ted Sanford
Commissioner

Dear Basketball Commissioner

I don't know whether I should write you or not, but it is very important to me. I was wouder if you could let me play ball, if I started to school three weeks lat and then missed twenty-two days. I'm in my 12th year of school and it is my last semester of basketball. So if you could possibly let me play ball I would be very grateful to you.

I go to Memorial

Mr. Shannon Hatter, Manager
46th District Tournament
Memorial High School
Waynesburg, Kentucky

Dear Mr. Hatter:

In compliance with your request, we are sending information concerning the winners and runners-up in the 46th District Basketball Tournament which we find in our records.

You will note the information which we are sending you begins with the 1937 tournament. I am sorry that records are not currently available for the period prior to this, but the methods of reporting the tournaments to the State Office were somewhat inadequate during the early history of the Association. This is the best that we can do. It may be that some of the old-timers in your area can give you information concerning the earlier tournaments.

You will note that in the years 1943, 1944 and 1945 we have listed the districts as number 91 and number 92. The reason for this was that in those years the Association had 128 districts instead of 64. However, we consider the schools involved in the larger numbered districts as being your 46th district schools, and you will probably just want to carry it this way in your program.

Trusting that this information will be of some value to you, I am

Sincerely yours,

Theo. A. Sanford
Commissioner

Dear Mr. Blair:

You may restore Julian L. Wall to athletic competition as of April 17, 1972. This ruling is made by delegated authority given me by the Board of Control, said authority being indicated in Article IV, Section 3-d-7, of the K.H.S.A.A. Constitution.

I can understand how the provisions By-Law 8 appear to be contradictory to statements made in item 52 of the Questions and Answers. However, By-Law 8 allows athletes involved in certain sports to play on outside teams during the season without loss of eligibility. Item 52 refers to a player who extends the season in a non-exempted sport by playing in a non-sanctioned post-season game.

Sincerely yours,

Theo. A. Sanford

Dear Mr. Sanford:

I am writing to you concerning the eligibility of one of our students, Julian L. Wall, for baseball competition. Let me first give you a brief background of the circumstances involved in this situation.

Two weeks after the state basketball tournament Julian was asked to play in an independent basketball tournament with a local team. Before agreeing to play he consulted one of our coaches who, indicated to him that his eligibility for baseball would not be in jeopardy if he participated in this tournament. These instructions were given only after consulting the "Constitution, By-Laws and Tournament Rules" bulletin of the K.H.S.A.A. This decision was based on By-Law 8, page 16. This rule seems to indicate very clearly that Julian's baseball eligibility would not be in question if he participated.

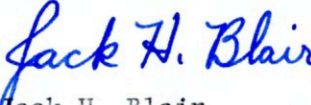

With this understanding Julian played three games of basketball in the tournament. After his eligibility was again questioned, Coach Hatter decided to call you in order to get a clarification of the rules. We then became aware of question and answer number 52 on page 75. This seems to be contradictory to the By-Law mentioned above.

Let me say that Julian is very deserving of any favorable consideration which you might give him. He has been a real competitor as well as a true sportsman while representing our school. If there has been a violation of the rules on Julian's part, I am sure that it was only because of the fact that he was not made aware of the rules.

At the present time Julian is being held out of action pending instructions from your office. It would certainly be appreciated if you could give us a ruling on Julian's status as soon as possible.

Thank you in advance for your cooperation.

Sincerely yours,

Jack H. Blair

P.S. Would you please send us a supply of blank eligibility forms.
